Laboratory Building Given Okay

A use permit for a national electrical equipment underwriters' laboratory, to be built in the Linfield Oaks tract, was issued Monday night by the city planning commission. The commission also accepted the tentative map submitted by Menlo Homes Inc., developer of the tract, as rezoned for the laboratory and other construction.

H. G. Dodge, manager of the laboratory at its present San Francisco location, said that the projected building will be of 15,000 square feet and will face Middlefield road. The laboratory will test electrical equipment manufactured in the 11 western states, and will replace the present San Francisco laboratory as one of the three in the country devoted to this work.

Dodge said that further details will be made available when purchase of the site from the development company is completed.

City Attorney James T. O'Keefe Jr., stated that issuance of the permit does not mean that the planning commission has surrendered its architectural control of new buildings.

The tentative map which the commissioners approved complies with Menlo Park's zoning ordinance, and lot sizes are well above the minimum required, the commissioners said.

Other commission business included reading of a letter requesting rezoning of Partridge avenue from El Camino Real to University drive to allow construction of duplexes.

Building Inspector J. D. Steiger pointed out that many homes along the street were multiple dwellings before the present single-dwelling restrictions were imposed, and that the present ordinance is therefore hard to enforce.

The board agreed that Partridge avenue property owners should be given the city's cooperation and encouragement in seeking rezoning.

The city planners approved drawings of the front elevation of an $18,000 two-unit store building now under construction on El Camino Real opposite Central school.

The commission also discussed with property owners the means whereby May Brown avenue could be acquired for paving and improvements and dedicated by owners to public use.

Commission set Aug. 15 as date

High Adventure For Ship 108

MP SEA SCOUTS RESCUE 2 CREWS IN STORMY SAN PABLO BAY

What began as a quiet weekend cruise ended on an exciting note for boys of Menlo Park Sea Scout Ship 108 last Sunday when within one hour they towed to safety two sailboats in distress and stood by prepared to aid a third.

Under Mates Clayton Anderson and Edward Kevin, the scouts spent Friday and Saturday cruising San Francisco bay in their ship, the S.S.S. Osprey, a converted naval officers' barge with a powerful motor. Sunday morning they entered San Pablo bay.

The water became rough and the crew turned into Raccoon straits, heading for calmer water inshore. Then the adventure began. Here is the account in the words of Sea Scout Gavin Carr, 14, of 37 Austin avenue, Atherton:

"When we got into Raccoon straits we saw two sailboats in trouble. One was sinking. The water was at deck level. Two men were on board. They weren't able to make any headway. We headed for that boat fast. One of the men came aboard the Osprey, the other stayed at the tiller of the sailboat while we put out a towline.

"We got the sailboat in as close to shore as possible without beaching it and into calm water.

"Then we turned back to the second craft. It had capsized and its mast and sails were flat in the water. A man and women were lying across the hull. They said they didn't need any help and that some friends were on their way to help them. We stood by awhile and then we saw a third sailboat. This one was capsized too and its mast and sails had got all tangled up in seaweed.

"A man and woman were on the hull, but they couldn't get it righted because of the seaweed fouling the sails and mast. So some of our boys went overside in their swimming trunks. They were Bernie Reches, who was a guest on our cruise, and Jack Fisher, Redmond Kernan, Jerry Bollier and Jim Bollier.

"They got the mast and rigging untangled from the seaweed, with the help of the rest of us, but the boat still was capsized. So we towed it on its side close in to shore where it was safe.

"It was a lot of fast action. I would guess it all took place within a distance of 100 yards or so and inside of one hour. Boy, that big 250-horsepower motor in the Osprey came in handy for that towing."

Sea Scout Ship 108 is sponsored by the Church of the Nativity, with Father Ryan as the boys' adviser. John A. Sullivan, Menlo Park attorney, is the skipper.

Commendation for the rescues was given the crew members by Sullivan at the regular meeting of Ship 108 at the Church of the Nativity Hall Tuesday night.

Rent Decontrol Plans Told C of C

Fair rent committee plans for finding the number of rental units available in Menlo Park were outlined Tuesday before a chamber of commerce luncheon meeting by David Ingram Jr., chairman of the committee.

The big problem facing his committee, Ingram said, is finding how many single family units are available. Multiple family dwellings are easier to check, and the owners of most of them are known to the committee.

If a proposed August 1 telephone survey shows that a large number of rental units are available, the fair rent committee will petition the city council for the lifting of rent control.

Chamber of Commerce Vice President Ron Ferguson presided at the meeting.

Recreation Commission To Study Expansion of Facilities In MP

A committee to study expansion of Menlo Park recreation facilities was appointed at the recreation commission meeting Tuesday night.

The commission also voted to change its meeting time and place to the second Thursday of each month in the city council chamber.

Members of the committee appointed to study expansion are Mrs. Hazel Rayfield, Mrs. Rose Ann Saylor and Louis Knights, recreation director.

Mrs. Ethel Blake, in charge of the department's dance program, said that there were openings in the Monday morning dance classes at Nealon park and the Tuesday evening classes at Burgess gym.

The J & A Sales softball team won the championship of the "A" league at Nealon park Tuesday night by downing the Serv-Well nine, 7 to 1.

The winning battery was Stewart and Del Pozzo. Ciardella and Sonnickson worked for the losers.

The game marked the last "A" league play of the season.

"C" league games will continue for two weeks, with St. Joseph's Men's club in the lead at the present with no defeats.

Persons residing outside the corporate limits of Menlo Park must pay non-resident admission fees at the Memorial pool in Burgess park, recreation officials said after receiving several calls of protest.

Some persons who reside in the Menlo Park postoffice area contend they should be entitled to resident fees. Officials said the postoffice area does not coincide with the corporate limits, and that lower rates

LATE BUT LEGAL

It was a little late, but now it's legal.

The Menlo Park planning commission Monday night issued a use permit for an advertising sign already installed by Moore and Tehaney, contractors, at 741 North Bayshore.

The commission explained the sign was virtually finished before the builders knew a use permit was required because of annexation of the area.

Permits Are Issued For Four New Homes

Building permits for four new homes, valued at a total of $35,000, were issued by the city during the week ended Tuesday night, according to Building Inspector JJ. D. Steiger.

The homes include a $7000 installation at 1211 Madera by Jay Boyer, a $7000 house to be built by R. F. White on Carlton avenue in Newbridge park, a $12,000 residence to be built by F. Kappler at 120 Garland avenue, and a $9000 home to be built by Douglas and Stevens at 832 Cambridge avenue.

MP Fire District Lists 34 June Calls

The Menlo Park fire district answered 34 calls to fires, of which 21 were grass blazes, during June, Chief Thomas L. Cuff said in his monthly report.

Rubbish fires were second in the list, with four.

No fire losses were reported to buildings or contents during the month.

Rec Director Exams Called

City Manager Cecil Longson will give oral examinations to the first of two groups of applicants for the position of city recreation director at his office in the city hall Saturday.

Examinations will be given the second group later, possibly July 29, he said.

Longson disclosed that 10 persons have applied for the $300 a month post vacated July 15 by Mel Kendall, who became assistant director of the San Mateo county parks and recreation department. The pay rises to $325 after one year of service.

Three of the applicants are from Menlo Park, Longson said. He explained that while the position is not under city civil service, the examinations will be conducted in the presence of members of the civil service commission and recreation commission.

Rookie Cop Nabs Youth In Burglary

A "rookie" patrolman's vigilance resulted in capture of a 19-year-old ex-sailor in the alleged act of looting a coffee shop at Bayshore and Willow road in Menlo Park early Wednesday.

The establishment, situated in the Belle Haven area, is owned by William J. Gowans of North Palo Alto, who recently disclosed he is planning a lawsuit contesting legality of the Belle Haven-Suburban Park annexations of last February.

Nabbed in the coffee shop was Samuel H. Dodson, who told police he was from Pennsylvania and gave the Belle Haven Motel as his address. Police said he recently was discharged from the navy.

Dodson was charged formally with first degree burglary and is held in the county jail in lieu of $2000 bond. Arraignment will be Monday in Redwood City justice court.

Patrolman Tom Casey, who joined the Menlo Park police department a few weeks ago as a temporary appointee, drove past the coffee shop on patrol at 1:22 a.m. and saw someone moving inside the darkened building. He radioed for assistance.

He was joined by Patrolman Lauthlin Currell. While Casey guarded the front, Currell entered via a rear window which the alleged burglar had broken. Gun in hand, Currell surprised Dodson while the latter assertedly was attempting to open a cigaret machine coin box.

Police said that two coin receptables for a juke box had been opened and that $1.15 in nickels was found on Dodson. Gowans said $100 in small change in a drawer had been overlooked by the prowler.

Dodson told police that he needed money, that the alleged burglary was his "first job" and that he had looked the shop over while drinking coffee there Tuesday.

Meantime, Gowans, an outspoken critic of inclusion of Belle Haven in Menlo Park via the recent annexation, said the "Menlo Park police should be commended for this."

"This is the fourth time my place has been entered within a year," he said. "But Menlo Park police have done a consistent job of patroling and watching the place."

Gowans said his intention to test legality of the annexation was not because of "any quarrel" with

Honor To MP Resident

Alan Cranston Named National Head Of United World Federalists, Inc.

Alan Cranston of 263 Princeton road, Menlo Park, was unanimously elected in New York this week as national president of the United World Federalists, Inc.

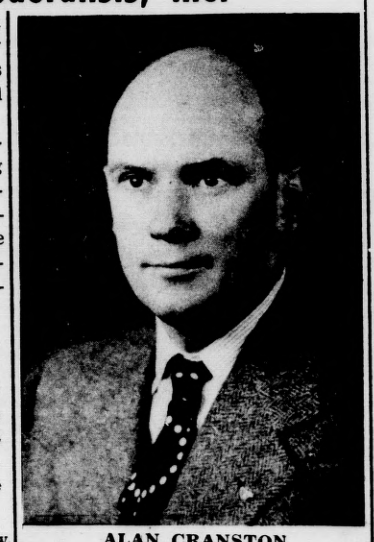

The organization, numbering 50,000 members, is devoted to seeking a world government and strengthening the United Nations. Cranston has been chairman of the United World Federalists of Northern California since that unit's organization in January, 1948.

The national organization chose him to succeed Cord Meyer Jr., founder and first president. Meyer will continue active participation at New York headquarters as chairman of the executive committee, of which Cranston became a member in 1948.

Cranston will assume his new duties in New York October 1. He is expected to return soon to Menlo Park and begin arrangements for Mrs. Cranston and their son to accompany him back to a new residence in New York.

Cranston, 35, is engaged in the real estate and building industry, and is head of the Cranston Company of Palo Alto. He has combined a career of business, writing and working for his ideal of world government.

As a foreign correspondent in the late 1930's, he saw much of Europe and became a staunch opponent of isolationism. He joined the office of war information early in the war and served as chief of the foreign language division before enlisting as a private in the army.

ALAN CRANSTON

At the close of the war he wrote his first book, "The Killing of the Peace," which was selected by the New York Times as one of the best 10 books of the year. He and Mrs. Cranston flew to London for the first meeting of the United Nations general assembly to present world government proposals.

He testified before both legislative houses in Sacramento in be-

PRETTY?—We mean both the signs and Pat Osborne, who displays them here. This new type street sign of cast aluminum with raised letters is to be placed for a "trial run" at Santa Cruz and El Camino Real, reports City Manager Cecil Longson. More likely will follow in the city's street signing program. The signs can be taken apart and various names substituted, and can be turned to any necessary angle to designate intersections. Luminous paint will be used on letters and the construction prevents bending and chipping.

As We See It . . .

WHAT IS RECREATION?

We note that an "oral civil service examination" is to be given tomorrow to some of the 10 applicants for the job of Menlo Park recreation director—the post recently resigned by Mel Kendall. The rest of the applicants will be examined at a later date.

We mention here our personal hope that the person who gets the job is qualified by more than a football letter. Recreation means much more than athletics for the younger set. It means music, the arts, hobbies, community projects.

A gift for organizing baseball leagues is important, but even more important, we think, is a broad understanding of people and the wholesome, re-creative things that make a man's soul feel better.

Another thing: We are informed that seven of the applicants do not reside in Menlo Park. We'd like to see a Menlo Parker get a Menlo Park civic job for a change. If a resident can do it and offers to do it, let's let him or her take a crack at it.

Certainly the position should belong to someone of the "home town" who will take over and remain in the position because his first thought is betterment of his own community. It should not belong to any outside "career" man who would regard it as a mere stepping stone to a better paid job.

A DESERVED HONOR

A young Menlo Park man . . . Alan Cranston . . . received high honor this week. The 35-year-old Cranston, builder, realtor, author and former foreign correspondent, was elected national president of United World Federalists, Inc., whose 50,000 members are pledged to work toward a world government and a strengthened United Nations. On October 1, he will take over the duties of Cord Meyer JJr., founder and first president of the organization.

Cranston, who has crowded a varied career into his 35 years, now is preparing to take up residence in New York and devote all his time, energy and knowledge to his prime interest . . . a continued fight for the aims of the organization he now heads.

This Menlo Park resident has a remarkable background in world affairs. In the late 30's, his observations as a European news correspondent convinced him that isolationism was a breeder of war. It was then he set a course for a goal of world government.

After service with the office of war information early in the war, he declined a deferment and entered the army as a private. His book, "The Killing of the Peace," was named by the New York Times as one of the 10 best books of the first post-war year. He submitted specific world government proposals to the initial meeting of the United Nations general assembly in London.

He was named chairman of the United World Federalists of Northern California with its inception in January, 1948, and in the same year became a member of the national organization's executive council.

Mr. and Mrs. Cranston and their son shortly will be preparing to move to New York City. Menlo Park will lose an outstanding citizen, and Menlo Park's best wishes for continued success will go with this young man.

IT HAPPENED HERE

An object lesson in government can be found in Menlo Park by any municipality sufficiently interested. We refer to the property tax reduction slated for the 1949-50 year. A tax rate of $1.18 is planned, compared with the $1.25 levied last fiscal year.

Menlo Park stands out as one city in which an increased assessed valuation can result in a lower tax rate, even though there are demands for more muncipal services . . . the answer given in so many other cases where tax rates don't vary conversely with valuations.

So far as total tax bills are concerned, a seven-cent reduction on the local front won't make any great difference to the property owners' pocketbooks, since that is but one levy among several lumped into an overall rate.

But it is significant by being one clear cut case in which a municipal government can live within income and still provide needed services. Menlo Park's budget for the new fiscal year is higher than that for the year ended June 30, but a lower tax rate is possible.

It is significant, too, in that it provides an answer to opponents of logical municipal growth by means of annexation. Expansion of Menlo Park city limits early this year not only upped the valuation sharply, but is bringing in considerably more revenue from state-collected motor vehicle "in lieu" taxes.

Your City's Business

Budget Items Discussed

By MAYOR CHAS. P. BURGESS

The Menlo Park city budget allows $32,910 in the present fiscal year for general government, equivalent to 18.7 per cent of the total for all departments. This is approximately the same as the total expenditures for last year. Of this amount well over half, or $18,740, represents salaries and retirement. This sum is paid to seven people, the city clerk, the city treasurer, the city manager, the city judge, the city attorney, a secretary-stenographer and a part time clerk. The city attorney's salary includes an allowance for secretarial work in his field.

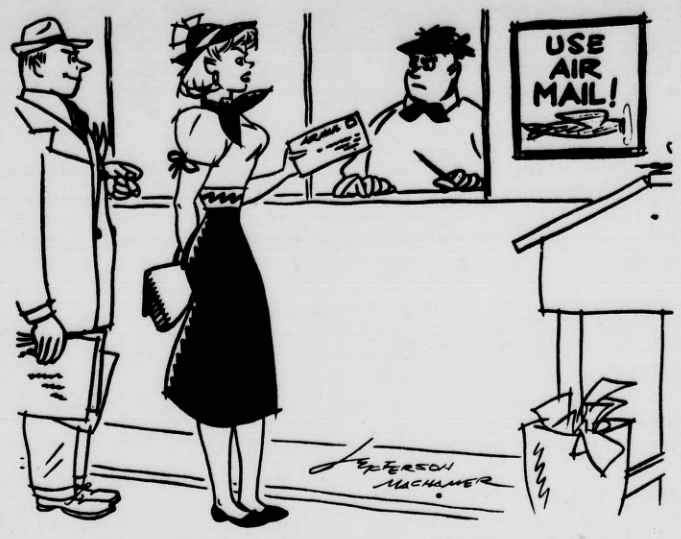

The members of the city council (including the mayor) serve without compensation, as do the members of the planning commission and the personnel (civil service) board. The planning commission is allowed $1,200 in the budget for projects it may undertake this year, and the personnel board $240. The sum of $600 is allowed for expenses of city officials traveling on city business or attending conventions or meetings having to do with municipal operations.

The $400 allowed for subscriptions and dues is principally the support of the League of California Cities, whose legal and engineering staff acts as consultants and advisors to city officials, and represents the cities' interests in Sacramento. Insurance and bond premiums total $2,495 and state compensation insurance $120, for the city must carry insurance against damage to its public buildings and against any liability resulting from the condition of its properties or the acts of its employees.

The sum of $400 was allowed for the annual audit of the city's books. An amount of $300 is budgeted for payment to the county as assistance on the rental of the library building. The regular election next April is estimated to cost $1,200. Legal notices (the publication of new ordinances and special notices required by law) is placed at $600.

A special project authorized this year is the codification of city ordinances. For this much needed work $1,500 has been set up. Stationery, postage and printing is placed at $2,520, telephone and telegraph at $360, and automobile expense at $360. All of the balance of the expense, which amounts to $1,875, represents the operation and maintenance of the city hall and its offices.

General government is primarily two things. One, it is the executive phase of the city government, where the policies of the city council are articulated by specific instructions to the various departments. Two, and much more important, it is the mechanism of self-government, the means whereby the residents of the community secure the kind of laws under which they wish to live. It is well worth paying 18.7 cents of each city tax dollar for the functions rather colorlessly described as "general government".

San Mateo County Leads All Others In Low Infant Mortality Rate

San Mateo county leads all counties of the state in low infant mortality rates, with 17.2 deaths per 1000 births.

Children born in the Bay area have a better chance of survival than in most of California's counties, with a mortality rate for the area substantially below state and national averages.

Those findings pointing up the Bay area in general and San Mateo county in particular are contained in a report by the Bay Area council, based on studies by the state department of health.

With San Mateo county leading all the state, the nine Bay area counties have an average rate 10 per cent less than the state average of 29.5 deaths per 1000 births, and 20 per cent below the national average of 32.6, the council found.

The council said the Bay area status as a "healthy place for bearing and rearing children" is reflected in the "maintenance of efficient public and private hospital and health departments.

Camp Instruction Set At Pomponio

During the months of August and September hundreds of boys will take advantage of the opportunity, under their own leadership, to learn the art of camping in the open at Camp Pomponio in the Santa Cruz Mountains.

Camp Committee Chairman John F. Linden announced that troops will be supplied with camping equipment if they so desire. A member of the council staff will be at camp to assist in planning menus, and instruction in campcraft will be given during the remainder of the season.

Over 350 boys have been served during July at the council camp.

Linden also announced that two projects, the building of a mess hall and a swimming pool, are scheduled to start at Camp Pomponio at an early date.

Camp Pomponio will serve as a training center for leaders throughout the entire year.

COUNCIL TO SERVE MORE

"A survey made because of the lowering of the age requirements for Cub Scouts to eight years, Boy Scouts to 11 years, and Senior Scouts to 14 years, which becomes effective on September 1, indicates that the San Mateo County Boy Scout Council will serve approximately 1,000 additional boys before the end of the year, and at least 2,000 additional boys by the close of 1950," said Edwin Foss, chairman of the troop organization committee.

Efforts are being made by the committee to obtain sponsors for new units. Organizations such as churches, Parent-Teacher associations and service clubs, which sponsor Cub, Scout or Senior units, arrange facilities for meetings, provide committees and leadership.

School Board Meeting

Sequoia Trustees Continue Decision On Teacher Contracts, Architect

Trustees of the Sequoia Union high school district, in special meeting last week, continued for further consideration the signing of 1949-50 teachers' contracts and final selection of an architect for the projected San Carlos-Belmont high school.

The signing of the teacher contracts had previously been postponed until Keith Cole and Kenneth Bowen were seated as trustees July 1. A board committee, working with the teachers, had recommended at an earlier meeting that the pay schedule remain unchanged, with the regular $120 annual increases.

Charles Burgess, board president and member of the committee, said that the present schedule is a slightly modified version of one adopted several years ago.

Discussion centered on whether department heads should be given additional time off from teaching or additional pay in view of their responsibilities.

"Previously," Trustee Meritt Hosmer stated, "we gave both time off and extra pay; now we are trying to give one or the other."

Several teachers in the audience called for further study of the pay schedule, and also suggested the consideration of a three-scale schedule as contrasted with the one-scale system now in use.

The naming of the architect for the San Carlos-Belmont school was postponed as two firms withdrew from competing with Architect Arthur Janssen on grounds of professional ethics. At the same time, however, two other firms asked to be considered.

Janssen told board members that he has already drawn preliminary sketches of the proposed school, which were used in the bond election in which the school was favored by the voters of the area by a 7-1 margin.

The architects who withdrew are Birge M. Clark of Palo Alto and Frank Wyncoop of San Francisco. A third competitor indicated that he may withdraw in the future.

The architects asking that they be considered for the project are Blanchard Maher and Paulus, who have worked on other Sequoia projects, and Stone and Mulloy.

Attorney Irving Breyer, representing eight teachers who were discharged last May, presented a petition asking that they be rehired on grounds their dismissal was illegal in that it was voted at a closed meeting of the board.

Breyer said, however, that he would delay filing a writ of mandate demanding rehiring of the teachers until the board had been given time to consider a district attorney's opinion or legality of the action.

EPA Businessmen Plan Organization

An organization meeting to form an East Palo Alto Businessmen's association will be held at 8 p.m. July 27 at 1966 University avenue, according to J. M. Finney, who served as chairman at a preliminary meeting this week.

He said the group will be open to all businessmen of the area and has these initial objectives:

1. Improvement of the East Palo Alto business section on University avenue.

2. A long-range program of progress in the entire area with cooperation of all other organizations in East Palo Alto.

3. Widening of the University avenue bridge.

Recreation Work Begins At Willow

Mrs. Harry Kaplan, president of the Willow school P-TA reports that the recreation program now had an enrollment of 200 children and is well attended. Mrs. Miriam Turner is conducting a music program and story hour on Tuesdays, and arts and crafts classes are working on a marionette show.

Mrs. James Booth, program chairman, held the first meeting of the program planning committee at her home recently. Attending were the following: William Stevens, principal of Willow; Mrs. Marie Kelley, Mrs. Warren Pingree and Mrs. Kaplan.

Hospitality committees of both Ravenswood and Willow met at the home of Mrs. Jack Denton to discuss the plans for a pot-luck dinner to be held for the teachers early in September.

Injured Policeman Back On Full Duty

Officer Marvin McIntyre of the Menlo Park police department returned to full active duty this week following his recovery from injuries received in a motorcycle accident, according to acting Chief Bud Roach.

Leaders Named For Kenny Fund

Dr. Reuben Stutch, orthopedic surgeon of San Mateo, has been appointed San Mateo county chairman for the Sister Elizabeth Kenny fund drive from Aug. 1 to 31, it was announced this week.

Mrs. Lloyd Underwood will serve as county associate chairman.

Dr. Stutch stressed the need for funds and pointed out that 80 per cent of the money raised in northern California will remain in the area to provide facilities to fight poliomyelitis.

Proceeds of the annual drive are used to provide Kenny treatment equipment, provide scholarships for training registered nurses in the technique and pay expenses of doctors wishing to inspect the treatment administered at the Kenny foundation in Minneapolis.

Dr. Stutch issued a call for volunteer workers in the campaign. They may contact him at 718 North El Camino Real, San Mateo.

Boosters' Club Hears Outline Of Planning

V. Cotter, senior planner for San Mateo county, discussed the county's comprehensive use and zoning plan before the Ravenswood-Willow Boosters' club meeting on July 7.

Have you made a Will? and will it work?

Maybe you have been thinking about making a Will—maybe revising the one that you have. If you have *no* Will or have one that *won't work*, you are not properly providing for your family. Changes in family situations, changes in tax laws, suggest the necessity of examining estate plans frequently.

When considering your estate problems read the new Bank of America booklet "MAKE A WILL THAT WILL WORK", which outlines in very simple language the steps you should take to carry out your plans. A copy may be obtained through any branch. Ask your branch manager.

Your attorney will see that your plans are legally effective.

ALL UNDER CONTROL—Firemen of the Menlo Park fire district are shown above as they had under control an $8000 fire Monday at the Willard H. Livingston estate at 245 Polhemus, Atherton. A fire department report said the blaze, in a two-story structure used as a gymnasium and recreation building, was caused by children of a caretaker who were smoking and playing with matches in unused living quarters at one end of the building. Five pieces of equipment fought the blaze, which swept up through the living quarters and underneath the roof of the building. —Menlo Camera Photo.

Adults and others who have not been taking advantage of the facilities offered by the Menlo Park recreation department at Burgess gym have been urged to do so by Louis Knights, department head.

Knights pointed out that although the gym is in use almost every night, there is plenty of room for many more participants in such daytime activities as handball and basketball.

Knights also said that a punching bag, ring for boxing and wrestling and bar-bells for weight lifters have been added to the gym's facilities.

Menlo Park's junior swim team was dunked by a score of 93-37 by Alameda's South Shore swimming club at last Sunday's meet at the Burgess park pool, according to Coach Ralph Sala.

High pointers for the Menlo team were Carl Britton, who won the boys' 33-yard backstroke and freestyle events, and Joan Derry, who won the girls' 33-yard backstroke race.

The team will compete here against the Woodside Girls' club next Sunday.

Older boys and girls who have been using Nealon park playground will be given an opportunity to use the more extensive facilities of Burgess park under their own coach on Monday, Wednesday, and Friday afternoons.

Coach Dave Schellenberger will be on hand at the Burgess park gym during these afternoons to help coach older children from the Nealon park area. The change of scene, designed to help fill the needs of children over 10 for more varied sports, will not interrupt the regular Nealon park program.

In addition, Schellenberger will devote his Tuesday and Thursday afternoons to coaching baseball for older boys at Nealon park.

the Menlo Park police department or any lack of police protection in the district, although he does object to what he termed making a "cash register" of the area for traffic arrests.

His opposition, he said, is based generally on the belief there should have been no annexation and he intends to proceed with court action. He added, however, he will take no steps until he hears the county grand jury's views.

He has informed the jury he believes the annexation to have been illegal because it included a federal reservation . . . the Veterans hospital . . . to provide a contiguous area between Menlo Park and what formerly was unincorporated Belle Haven.

A BIG HELP FOR MOTHER—Shown here is some of the activity at the community-sponsored nursery playground at Stanford Village. Above, a group of youngsters gather around the phonograph and Mrs. M. M. van Patten, playground supervisor. At top right, Mrs. Philip Geller, a volunteer helper, watches some of her young charges as they use play equipment. At right, Michael Woodworth peeks around to watch his partner in fingerpainting, Tamalon Littlefield. —Menlo Camera Photos.

Village Playground Is Example Of Community Solution Of Problem

An example in a community get-together to solve a mutual problem is the playground-nursery at Stanford Village, which opened recently for the summer months.

During the regular term at Stanford universitly, the psychology department sponsors a playground and indoor center for preschool age children of Village families, but this is discontinued during the summer.

So it became incumbent upon the mothers to finance a playground program, provide a director and name volunteer helpers. The mothers held a meeting, named Libby Baker treasurer and Mary Alice Hamilton secretary of the group, and got busy collecting fees and seeking volunteer helpers.

Registration fees were set at $3 for one child for the summer, and $4 for two children from the same family. The money is used to pay the full-time supervisor, Mrs. M. M. Van Patten, and to purchase materials.

Mrs. Van Patten, a graduate of Oregon State college, served on the staff of the nursery school on that campus in 1945 and 1946 and became a Stanford Village resident last month.

The Stanford psychology department gave permission to use the same grounds and equipment provided during the regular school year. Included are "jungle gyms," swings, slides, planks and other items.

The playground, well-populated with "small fry", is open each Monday, Wednesday and Friday from 9:30 to 11:30 a.m.

New activities are constantly being arranged, and each child is permitted to choose his own form of play. For identification, each youngster has a paper bearing his or her name pinned to clothing.

Besides activity on the swings and other equipment, there are finger painting, clay modeling, bead stringing, scissor cutouts, story telling, books and phonograph records. Enrollment totals 44 children; average daily attendance is 28.

Mr. and Mrs. Melvin Edward, their two children, **Grant** and **Carol** and **Mrs. Muir,** mother of Mrs. Edward, all of Alberta, Canada, visited **Don** and **Margaret Swanson** and children, **Blair** and **Janet,** this week. Melvin Edward may possibly come to Stanford in the future.

The **Belknaps, Edwin S., Mary Joy** and son **"Tad",** age 16 months, moved into a two bedroom apartment a couple of weeks ago to make ready for the arrival of **Kathryn Eileen,** born July 15 at 11:17 a.m. Kathryn, who is named after her maternal grandmother, weighed 6 lbs. 2 oz., and has lovely long dark hair.

JACQUELINE BOWEN, R. JOHN GAUZZI MARRY AT STANFORD

At a candlelight ceremony at Stanford Memorial church, Jacqueline Bowen and R. John Gauzzi were united in marriage last Satday evening. Both young people were formerly employed by the Ravenswood school system and are well known in this area.

Jackie wore a white marquisette and lace gown with a fingertip veil attached to a lace tiara. She carried the Bible she used as grand chaplain of the State Order of Rainbow Girls. Her maid-of-honor, Barbara Fletcher, wore yellow eyelet.

Bridesmaids Marjorie Hansen, Helen Roche, and Joan Riecks were gowned in gree eyelet. John Conleff attended as best man, while Daryl Schoennauer, Peter Speciale, Donald Scheid, and Roger Runstadler served as ushers. Nadine Gattoni was flower girl and Gary Schoennauer the ring-bearer.

The double ring ceremony was performed by Rev. Paul C. Johnston. A reception followed at Community Center. After their return from their honeymoon at an undisclosed place, the couple will reside in North Palo Alto.

FIRESIDE MEETING CLIMAXES BAPTIST CHURCH INAUGURAL

Sunday's inaugural services at the new Menlo Park First Baptist church ended with an informal fireside gathering in the patio following vespers in the Fellowship hall.

"The Lord's Prayer," by Malotte, was sung by Mrs. William Kratt and Dr. Frank Eden, pastor, delivered a short sermon at the evening service, which was attended by 150.

The fireside gathering was the scene of the presentation of an outdoor table and umbrella set to Mr. and Mrs. J. M. Carlson, 1157 Windsor way, in recognition of their services as expediters of the church building project. Dr. Eden made the presentation in the name of the congregation.

The outdoor program also featured the singing of a hymn in Chinese by Alfred Ling.

NATIVITY VACATION SCHOOL NEARS CLOSE

Summer vacation school, held each year at Nativity Hall for public school children of the parish and conducted by the Sisters of the Holy Family, of Burlingame, will be brought to a close at the 8:30 Mass this Sunday morning.

Along with religious instruction, the nuns taught the children handicraft. The youngsters made little shrines, bookends and many other articles.

Assisting the sisters in their work with the children were two seminarians, Frank Murray and William Lowery.

About 146 children registered for the school session which started June 27.

McLOUGHLIN-LUSSIER WEDDING TOMORROW

Miss Eleanor Lussier, daughter of Dr. and Mrs. Norman Lussier of San Mateo will be married at a Nuptial Mass tomorrow morning at 10 o'clock, to Joseph McLoughlin, son of Mr. and Mrs. Edward McLoughlin of Mills street.

The bride-to-be has been feted at teas, showers and receptions given in her honor by her many friends.

The ceremony will be performed by the Rev. Thomas McKeon.

Atom Fellowship Won By Former Resident Of MP

An atomic energy commission fellowship has been awarded Hubert Heffner, Stanford University graduate student who resided at 1345 Hoover street prior to receiving his master's degree last month.

Heffner, son of Professor Hubert Heffner of the Stanford drama department, received his pre-doctoral fellowship award in physical science. He will continue his researches with Dr. Lester M. Field of the electrical engineering department.

He is a 1942 graduate of Palo Alto high school, and served two and one-half years with the army signal corps, from which he was discharged with a first lieutenant's commission.

Other Menlo Park men who received scholarships include John Tamplin Hart, 1055 Pine street, who was awarded both the Hornkohl and a Stanford University award for his studies in mineral sciences.

John Southworth Wheaton, 1010 Cloud street, was awarded both the senior class scholarship and a University scholarship. He is a lower division student.

Other awards were given John Edward Winslow, industrial engineering student of 540 Morey drive, James Bennett Schnake, law student from Atherton, and Walter Sydney Schweib Jr., chemistry student who also resides in Atherton.

FBI Keeps Him Busy

POTTER REPORTS

Police Chief George Potter, now studying advanced law enforcement technique at the FBI national academy in Washington, is kept busy by his studies but has found time to send post cards to the Menlo Park department.

A recent one shows the FBI's gunnery school at Quantica, Va., where Chief Potter is attending classes at present.

Other correspondence tells that Chief Potter is finding that Washington summer weather is hot, corroborating the report of Atherton Police Lieutenant Leroy Hubbard, who said that the warm weather was "just beginning" when he finished his training at the same school last month.

Folk Song Program Slated At Stanford

STANFORD UNIVERSITY—Josef Marais and Miranda, singers of folk songs, will appear at Stanford Friday evening, July 29, in a concert sponsored by the Friends of Music.

The husband and wife team, well known to folk music lovers through their record albums and radio appearances, also specialize in songs of the African Veld.

The concert will begin at 8:15 o'clock in Memorial Hall. Tickets will go on sale July 21 at the office of the Committee on Public Exercises, Room 55, Temporary Building B, at Stanford, at the university's Memorial Hall box office, and at the Peninsula Box Office in Palo Alto and San Mateo.

Cotton is now California's leading agricultural crop.

MP Man Escapes Injury As Auto Strikes Rail

Leo Bonowski, 45, of 3241 Fair Oaks avenue, emerged unhurt from an accident which occurred Tuesday afternoon in which the car he was driving tore out 50 feet of guard rail along Bayshore highway near Burlingame.

Highway patrol reports showed that Bonowski's car swerved across the highway out of control after a tire blowout and crashed into the barrier near Sonoma avenue.

Former Village Man Exhibits Paintings

The new paintings of Hubert Crehan went on exhibition this week in a one-man show at the Metart Galleries, 527 Bush street, San Francisco, near the Grant avenue entrance to Chinatown.

Crehan, a resident of Stanford Village through the first of this year, is a non-objective painter. His new work, done in a heroic scale, fills the three large rooms of the Metart Galleries. It will be exhibited through August 21. The galleries are open every day except Monday and Tuesday. The hours are from two until eight p.m., but on Sunday the time is noon through five p.m.

Mrs. Sara Sultan Dies In Palo Alto Hospital

Mrs. Sara Sultan of San Francisco, grandmother of Dr. Ernest J. Sultan of Atherton, passed away Wednesday morning at Palo Alto hospital.

She was a native of Placerville and the widow of Julius Sultan.

Private funeral services were arranged by the Roller and Hapgood funeral home.

The Palace of the Legion of Honor in San Francisco marks the western terminus of the Lincoln Highway.

Sorry! It's out of my hands

Why talk to me about the importance of going to Church? You don't expect me to put on my Sunday suit and stroll down there alone, do you?

Dad and Mother are the people to see . . . they make all the important decisions.

Sure! I'd like to start Church School pretty soon. Yes, and I'd like to see the whole family in Church. A little chap like me can understand religion much better when he doesn't have to wonder why his folks aren't on speaking terms with God.

And, frankly, I think you grown-ups need the Church as much as I do—it wasn't my generation that got the world into such a mess!

All right, you can quote me. And I'll even let you put my picture in the paper. 'Cause, confidentially, I think we would all be a whole lot happier if Dad and Mother, and some of the rest of you older folks, would look at these spiritual matters through my eyes!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MARGIN NOTES
BY CAB

GOOD GUY

John Goodguy, we might as well call him, dropped into the office. "I think you can stop my subscription," he said.

"Why?" we asked.

"Don't know," he said. "I don't seem to read it.

"What would make you read it?" we asked.

"That's a good question," he replied. "I don't really know. Tell you what I'll do. I'll go home and read the paper through, and then I'll tell you what I think would interest me."

That's the kind of guy we like to meet. We don't publish this paper for ourselves. We publish it to give you the kind of paper you want.

We can't do everything, but we can try. Do us a favor now. Look at this newspaper again. What does it lack that you want?

THEN TELL US ABOUT IT!

EX SOMBRERO

Did you know that **Sam Flanigan,** flying properitor of the Golden Churn, was once (1) a cowboy, and (2) a pioneer permanent-wave stylist?

SPANISH TOUCH

Hal Honore of the Park, Guild, Mayfield and Los Altos theaters, has been busy rounding up gentlemen with a Spanish slant to preview the Spanish film coming to the Guild soon, "Don Quixote de la Mancha."

His score to date: **Alberto Lopez Herce,** Spanish adjutant-consul in San Francisco; **Ronald Hilton,** professor of Romanic languages at Stanford and director of the Hispanic-American Institute; **Aurelio M. Espinosa,** Stanford professor of Romanic languages emeritus, and **Garcia Prada** of Columbia University.

The "panel" will lunch at Ramor Oaks next Wednesday, view the film, then discuss it for a broadcast over Stanford's campus radio network, KZSU.

(Hal also hints big plans for doing over the Mayfield Theater.)

QUICK CHANGE

Joe Prein was seen last Tuesday standing in the loft of his old Menlo Park Radio store throwing down to **Bud Olson** cartons marked "GLASS." Much dust as Joe cleaned out the back corners of the shop preparatory to opening in his new, modern location on Santa Cruz.

An hour later Joe was at lunch at Marie Antoinette's looking clean and shiny as a TV set.

FRANK, ANYWAY

Saturday sign on door of **Dick Burke's** Menlo Locksmith & Lawnmower Service (due to move soon from its slot at 539 Santa Cruz to the present site of Mary's Stork to Ten next door)—

"In Spring a young man's fancy
Turns lightly to love.
An old man's fancy—just Lazy,
So see you Monday.

FAME

Mike Belangie of Menlo Textiles has had six of his Menlo-Park-designed-and-made fabrics accepted for display at the Detorit Institute of Arts, Sept. 1 to Nov. 20. The exhibition rules limit items from each exhibitor to five, but they broke the rules for Mike.

VACATIONING

At Silver Lake this week is Miss Terry Cowman of Menlo Park Hardware.

At Tahoe is Miss Ellen Weston of the California Water Service.

HOME AGAIN DEPT.

Back from a four-week swing east are **Mr. and Mrs. William Dunkin** of the Cubby Hole Cafe. Visited his family in Springfield, Missouri; hers in Utah and Idaho. It was his first trip home in 18 years.

Back from 12 days at Tahoe are **Mr. and Mrs. "Pete" Preuss** of the pharmacies. Enjoyed themselves, they say. They look it.

Home again from a week in Calaveras County are **Mr. and Mrs. Michael Belangie** (see FAME above) and **Mr. and Mrs. John McCracken** of the House of Insurance.

MP Cadet In Training At Fort Lewis, Wash.

(Special to the Recorder)

FORT LEWIS, Wash.—Philip Helfrich, son of Mr. and Mrs. E. C. Helfrich of 3310 Alameda de las Pulgas, Menlo Park, is one of 33 University of Santa Cara students who arrived at Fort Lewis recently to begin six weeks of intensive summer training.

Cadet Helfrich is an advanced ROTC student and upon graduation will receive a commission as a second lieutenant in the organized reserve corps.

This familiar sight was repeated 71,000 times last year

It was an all-time record . . . more than 71,000 new connections to P. G. and E. lines in one year—1948. Nearly 60,000 of them were new single-family dwelling units. That's more than the number of connections we made in the last two prewar years put together . . . a dramatic example of California's growth. In the 46 counties we serve, there are half again as many people as in 1940...more than 1,500,000 new power users. It takes lots of horsepower to meet their requirements . . . and here's what we're doing to provide it:

Five new power generating plants have been brought on the line in the last thirteen months. Their combined capacity is almost 600,000 horsepower.

New power lines, built since the war to carry electricity where it's needed, would reach half-way around the earth at the equator . . . 12,000 miles.

We're rushing still more plants to meet California's future growth. By the end of 1951, we will have doubled our prewar generating capacity.

Work never stops on our power-building program

Drivein Ice Cream Stand Is Planned

Work will begin in about two weeks on construction of a Foster's Freeze drive-in ice cream establishment on Oak Grove avenue just west of the postoffice, Ed Derry, owner of the property, announced yesterday.

Derry said that a lease had been signed with the Foster organization, which operates some 300 such drive-ins in California and many others in the east.

Derry will construct the building, of about 16 by 25 feet dimensions, and will resurface the lot, which has 100 feet of frontage on Oak Grove, to provide drive-in facilities. He said the operators expect to have the establishment open for business by Sept. 15.

Foster Freeze drive-ins serve customers who drive directly up to the building and remain in their automobiles.

Rotary Entertained By MV Magician

Menlo Park Rotarians were entertained with magic and sleight-of-hand tricks at their Wednesday meeting in the Marie Antoinette Victorian dining room.

The magic was performed by Burl J. Hall, Rotary club member from Mountain View.

Next week's program will include talks by Cecil Longson, city manager, and Warren Slack, plumbing and heating contractor. Their topic will be "What's My Business?"

Where The MP Firemen Went

Five grass fires, one building fire, and one false alarm were among the 10 calls answered by the Menlo Park fire department during the week ended July 19.

The alarms were:

July 13—Grass fire opposite 465 Cotton place. Caused by throwing rags which were used in floor staining in dry grass and allowing them to ignite spontaneously.

July 14—9:30 p.m. False alarm.

July 15—Grass fire at Loyola drive and Glendale avenue. Grass fire on Camino el Largo near Linda Vista avenue.

July 16—Sawdust fire at Willow road and Chester street, caused by careless burning.

July 18—Building fire at 245 Polhemus avenue, Atherton, caused by small boys playing with matches; $8000 damage. Firemen also responded to an illegal burning complaint that day.

July 19—Alarm sounded when automatic sprinkler system in Stanford village was tripped by pressure in the line. Grass fire, 345 El Camino Real.

RELATIVES FROM EAST ARE ENTERTAINED HERE

Four Menlo Park women, Mrs. Joseph Horn, Mrs. Albin Johnson, Mrs. Trevor Jones and Mrs. Raymond Fickes have been entertaining the past week for relatives who have been here on a visit.

Their brothers, Richard Podany, Stephen Podany and Peter Podany with their wives, returned to Minneapolis this week after a visit to their California relatives.

EPA Church Plans

Plans for the new $110,000 East Palo Alto Community church are well under way and will be presented to the San Mateo county planning commission Aug. 15, according to Rev. Donald F. Lehmann, pastor.
